**Appointment of SRK Consulting as Principal Technical Adviser  
to Clogau Gold Project**

Alba Mineral Resources plc (AIM: ALBA) is pleased to announce that SRK Consulting (UK) Limited ("SRK") has been appointed as a Principal Technical Adviser to the Clogau Gold Project ("Project"). Alba has a 49% shareholding in Gold Mines of Wales Limited ("GMOW"), the owner of the Project.

In the past week SRK completed a site visit to the Project with Alba's management and technical team. The GMOW/Alba and SRK teams will now work together to formulate a detailed strategy for the in-mine and near-mine exploration and development work to be executed throughout 2018.

SRK Director Mark Campodonic attended the site visit and commented: "SRK's headquarters are located in Cardiff and many of our employees and directors, such as myself, are Welsh. As such, we are delighted to be appointed to assist GMOW and its project partner Alba Mineral Resources plc to redevelop the Clogau Gold Project."

Alba Executive Chairman George Frangeskides commented: "We are very pleased indeed to have secured the support of a firm of the international renown of SRK to assist us and Project operator GMOW as we take the Clogau Gold Project forward in the coming months and years. This is doubly the case as SRK has such a close connection with Wales. Clogau is a project with a very special place in the heritage of the United Kingdom and specifically in Wales, and as such it is important to us to have the support as many relevant stakeholders in Wales as possible we seek to take the Project forward."
